(DAWSON RECEIVES EAGLE AWARD)

In ceremonies held recently at the St. Francis Church Hall Michel (sic) Dawson, 17, received the Eagle Scout award. His father, John, pinned on the badge, then Michel gave his mother, Ann, and his father miniature Eagle pins.

Michel is going into his senior year at Grapevine High School. He has been a member of St. Francis's Troop 7 for almost five years. For his Eagle service project he supervised the construction and placement of wooden bridges on hiking and biking trails in a Corps of Engineers park at the west end of Lake Grapevine. Engineer rangers approved and oversaw the work. About a dozen Troop 7 adults and Scouts assisted in the project.

The Eagle award was only one of several honors presented that evening at a court of honor and potluck dinner which some 50 Scouts, leaders, and guests attended.
